

BROCHURE OF SERVICES

CONTINENTAL ENVIRONMENTAL SERVICES LTD

INTRODUCTION TO OUR COMPANY

Standards to which we deliver

Continental Environmental Services, is accredited by the United Kingdom Accreditation Service (UKAS), under applicant code 8900 to undertake asbestos related activities as compliant with ISO 17025:2017 for air testing, certification in relation to sampling of asbestos related materials and verification of four stage clearance re-occupation.

Continental Environmental Services Ltd., also hold ISO 9001:2015 whereby we adhere to an

ISO management system in delivery of all other services including asbestos surveying and RADON Gas testing.

We also deliver targeted online training packages, this is held in partnership with Video Tile.

Continental Environmental Services Ltd provides bespoke training courses specific to asbestos in one to one training and supported by Video Tile to provide CPD credits for attendance and completion of the training online. In addition to asbestos training there is a range of topics via our online training

section. These courses are designed to meet the individual needs of our clients, without the hassle of booking meeting rooms.

The courses can be taken online with an easy to use video format at a fraction of the cost and a fraction of management time. All our courses are approved by the likes of CPD:

Continuing Professional.

There are the institutions that have approved our courses.

ANALYTICAL SERVICES AND QUANTIFICATION TO ISO STANDARDS
